În calitate de distribuitori autorizați ai HMS Networks în Romania, ne face plăcere să vă informăm că sunt disponibile următoarele seminare online, cu participare gratuită.

Acestea se desfășoară în limba engleză, iar în măsura în care sunteți interesați să participați, vă rugăm să vă înscrieți accesând linkurile de mai jos.

Dupa înscriere, primiți un reminder cu o zi înainte de fiecare seminar. Pentru a putea urmări online acest curs (30 min), veți avea nevoie de căști (sau boxele laptopului și microfon; de obicei se permite plasarea întrebărilor prin chat, dar uneori și prin microfon).

Free webinars on industrial communication

Netbiter Argos API

Netbiter Argos API makes it possible for you to create custom-designed web interfaces for the end user. You can focus on the user experience while the Netbiter Argos handles the collection of data from your equipment within the remote site.

25 February, 3pm
Presenter: Agnieszka Burkiewicz, Application Engineer
